

Multi-Systemic Therapy (MST)

OVERVIEW

Multi-Systemic Therapy (MST) is a goal-oriented, comprehensive treatment program designed to serve multi-problem youth in their community. MST is a home-based program that has been the focus of several major research studies and has demonstrated clinical and cost-effectiveness for youths with complex emotional, social, and academic needs.

Caseloads of the therapists are small (4-6 families per therapist) and treatment is intensive, often including multiple contacts with the family in the home every week. The average length of treatment is from 2-5 months.

Who could benefit from MST?

MST helps youths with chronic behaviors as truancy, serious disobedience, aggressive behavior, running away and substance abuse.

SERVICES

- ♦ Assesses the youth in the context of his family, school, and community
- ♦ Seeks to understand the youth's problems and the contributing factors
- ♦ Focuses on helping parents build supportive social networks
- ♦ Empowers parents to address the needs of the youth
- ♦ Emphasizes long-term change that families can maintain after the program
- ♦ Helps to reduce recidivism

REFERRALS

Who is eligible for MST?

Bergen County youths, from the ages of 12 to 17½, who are referred by the Juvenile Family Court, Juvenile/ Family Crisis Intervention Unit, parents, schools or service agencies

WHAT CAN I EXPECT FROM MY MST THERAPIST?

Any combination of the following:

- ♦ Family therapy
- ♦ Individual sessions with parents
- ♦ Evaluation of the youth's peer network and development of alternative activities
- ♦ Consultation with schools
- ♦ Coordination of programs with the court and other agencies
- ♦ Consultation in parenting issues
- ♦ Chemical dependency assessment and treatment planning
- ♦ Assistance available 24 hours a day, 7 days a week
