

Maternal Wraparound Program at CarePlus NJ

M-WRAP Program

Support & Services for Pregnant and Postpartum Individuals

Do you serve pregnant or postpartum individuals that are struggling with some form of substance use?

The Maternal Wraparound Program meets the complex needs of prenatal, pregnant, and up to one-year post-partum individuals and their infants that are impacted by historical or current substance use. This program works with primary care providers and other specialists to alleviate barriers to services for individuals and their infants in order to promote maternal health, improve birth outcomes, and reduce the risk associated with prenatal substance exposure.

Services Provided

- Intensive Case Management
- Recovery Support
- Care Coordination
- Linkage and Referrals to Services and Resources
- Wraparound Services

Eligibility

- Pregnant or Postpartum individuals who are also impacted by some form of substance use.
- Living in Bergen or Passaic Counties

Additional Information

- There is no cost for those who are eligible for these services, no insurance needed or collected.
- Program operates Monday - Thursday 9am -8pm, Friday 9am - 5pm
- To make a referral or for more information, contact **Ashley Cornelio** by phone at **551-252-1418** or via email at **ACornelio@NewBridgeHealth.org**.

The Maternal Wraparound Program at Care Plus NJ

Support & Services for Pregnant and Postpartum Individuals

Are you pregnant or postpartum and struggling with substance use?

The Maternal Wraparound Program meets the complex needs of prenatal, pregnant, and up to one-year post-partum individuals and their infants that are impacted by historical or current substance use. This program seeks to alleviate barriers to services for individuals and their infants in order to promote maternal health, improve birth outcomes, and reduce the risk associated with prenatal substance exposure by providing intensive case-management, recovery support, and wraparound services.

Have you experienced...?

- Coping before or after pregnancy
- Feelings of shame, guilt, or inadequacy
- Stigma for seeking support or treatment
- Depression or anxiety
- Worry for you and your infant's health
- Difficulty finding or navigating services
- Substance use, relapse, or fear of relapse

Specialized Services

- Intensive Case-Management
- Recovery Support
- Wraparound Services
- Care Coordination with primary care doctor, OB/GYN, outside providers
- Referrals to services and resources

You are not alone; we are here for you.

The Maternal Wraparound Program's Services are tailored to fit the diverse needs of individuals and their infants we serve. Our dedicated team of case management and support specialists are here to provide compassionate and client-centered care to assist in meeting the complex needs of individuals and their infants.

**For more information or to make a referral,
