

# "THE NURTURED PARENT

is an outstanding example of how women can multiply their power when they come together and commit to fighting fiercely for each other's rights and wellbeing."

-Lundy Bancroft

*Internationally acclaimed domestic violence and child maltreatment expert, author, speaker and playwright.*

**THE NURTURED PARENT SUPPORT GROUP** for Survivors of Domestic Abuse assists adults seeking the opportunity to heal from the debilitating effects of abuse.

Now in its 7th year, The Nurtured Parent operates on the front lines supporting survivors through free weekly support group meetings, therapeutic outings and workshops, and public awareness conferences. Of paramount importance to this cause has been to advocate for victims' rights and to unravel why family court often fails to protect the most vulnerable among us, victims and their children in crisis seeking a life free from abuse.

Confidential meetings are held every Tuesday from 10:00 AM to 12:00 at the **CENTER FOR HOPE & SAFETY HEADQUARTERS**, 12 Overlook Avenue, Rochelle Park, New Jersey. Please feel free to contact us via email, phone, or drop by a meeting in person.
