IMMIGRATION PSYCHOLOGICAL EVALUATIONS

www.ehcounseling.org

WHAT IS AN IMMIGRATION PSYCHOLOGICAL EVALUATION?

A psychological evaluation for immigration court is used to document any mental health conditions or diagnosis. It describes from a psycho-social perspective how potential deportation can impact a client and their family.

E H Counseling LLC offers Immigration Psychological Evaluations for:

- U Visa (Victim of a Crime)
- T Visa (Trafficking Visa)
- VAWA Petition (Violence Against Women's Act)
- Waivers & Extreme Hardship
- Cancellation of Removal
- Asylum Cases

In the practice of immigration evaluations, our office creates a collaborative relationship with your attorney to provide the highest level of care. All of our evaluations are written to meet the needs of each unique client and we consider all your attorney's recommendations in the writing process.

WHAT IS THE PROCESS?

- Call to set up an appointment.
- We will send you an intake packet via e-mail or mail with consent forms and a questionnaire to fill out.
- You will meet with the clinician conducting the evaluation for a total of 4 hours (which is broken up into 2-4 appointments).
- You will talk about your history (where you come from, how and why you came to this country, and what your life is like now) as well as the state of your mental and emotional health as it relates to your immigration petition.
- Once all information is gathered, the clinician will begin working on the report. This can take about 2 weeks.
- A final report will be mailed to you and your attorney.
