What We Do

Rebuilding Together North Jersey is a 501 (c)(3) non-profit organization that provides critical home repairs, accessibility modifications, fire safety and energy-efficiency services for low-income homeowners, particularly seniors, people living with disabilities, veterans, and families with children, **at no cost to recipients of service.**

Programs

National Rebuilding Day:

On the last Saturday in April, hundreds of volunteers provide critical repairs and home modifications that make a lasting difference for the individuals and families we help. Volunteer skills range from professional trades people to handy DIYers.

Accessibility Modifications:

In partnership with the Bergen County Sheriff's Office and The Edward W. and Stella C. Van Houten Memorial Fund, Rebuilding Together North Jersey provides the means for the Sheriff's Office to install wheelchair ramps for low-income disabled residents.

Disaster Recovery and Rebuilding:

After Superstorm Sandy, Rebuilding Together North Jersey repaired 89 mobile homes, 151 houses and three community buildings. As part of Bergen VOAD (Volunteer Organizations Active in Disaster), our focus is long-term recovery.

Expansion: In 2016 Rebuilding Together North Jersey (formerly Rebuilding Together Bergen County) broadened its service area to include Passaic County. In addition to our core services mentioned above, we focus on housing-related community needs, including crime prevention, asthma reduction, and neighborhood revitalization.

How You Can Help

Volunteer:

- Skilled, semi-skilled and non-skilled volunteers provide home repair services for National Rebuilding Day and special projects throughout the year.
- Licensed contractors provide emergency and other home repairs. Materials supplied by Rebuilding Together, but we need your time and talents.
- Community members serve on committees or behind-the-scenes activities such as project selections, fundraising, development, marketing, outreach, and expansion.
