

New Life

COUNSELING AND MENTAL HEALTH SERVICES

12 Prospect St.

Bloomfield, NJ, 07003

Tel: 973-478-0847 Fax: 259-3706

Agency Description

New Life Counseling and Mental Health is a behavioral health agency that was established in 2014, to meet the mental health needs within our community. While our practice is locally based it extends to five counties throughout the state. The counseling programs we provide are Intensive In-Community - IIC, and Intensive In-Home - IIH, through Performcare. In addition to clinical services, we offer tutoring, mentoring and parent coaching. Our practice also works with adult individuals and couples. We emphasize respect, cultural competence and understanding of the issues that impact students and their communities in our counseling approach. We are sensitive and experienced in working with LGBTQ students and their families. Our methodology to counseling is strengths based, utilizing cognitive behavioral strategies that also include trauma focused techniques where appropriate.

Based on a referral and parental consent, students will be seen by an experienced licensed therapist. This can be done individually or in group settings.
