

Hampton is now providing Telehealth Treatment for Adolescents

To support adolescents who are in need of mental health care in our community, Hampton is offering all outpatient counseling services via a telehealth platform using any electronic device, such as a smartphone, iPad or computer.

For adolescents participating in online schooling, Hampton's Intensive Outpatient Program is operating from 12 PM—3 PM along with the full day Partial Hospitalization Program.

To make a referral or to direct someone in need of outpatient or inpatient services, please contact our admissions department at (800) 603-6767.
